

THE ALIGNMENT STUDIO

A Private Holistic Sanctuary for Physical & Energetic Transformation

CORE NON-INVASIVE BODY CONTOURING

Advanced Body Sculpting (Single Area)

Our flagship multi-technology transformative treatment. A synergistic, precision spot-reduction protocol combining Laser Lipo pads to empty fat cells, Ultrasonic Cavitation to break membranes, and Vacuum RF to smooth and lift structural tissues.

\$200 / Single Session
\$800 / 5-Sess. Off-Season
\$1,100 / 5-Sess. High-Season

Radio Frequency (RF) Body Skin Tightening

Focused thermal dermal heating targeting larger areas (stomach, arms, or thighs) without cavitation. Instantly contracts loose structural fibers and stimulates ongoing fibroblast collagen production to repair stretch marks and deep tissue laxity.

\$150 / Single Session
\$600 / 5-Sess. Off-Season
\$750 / 5-Sess. High-Season

Sanctuary Scheduling Requirement: Core body sculpting packages require a committed acceleration phase of **2 sessions per week** (spaced at least 72 hours apart per target zone) to prevent overloading lymphatic clearance pathways while securing compound aesthetic results.

TARGETED EXTREMITY & FACIAL REJUVENATION

Targeted RF Skin Tightening (Knees or Hands)

Localized thermal remodeling tailored explicitly for delicate, high-movement zones. Perfect for plumping crepey skin texture on the hands or lifting loose tissue directly above the kneecap. *Duration: 20-40 minutes.*

\$90 / Standalone Single
\$450 / Standalone Series (6)
\$45 / Active Body Add-on
\$135 / 3-Session Bundle

Facial Toning & Structural Lift

An express non-surgical lifting experience utilizing our multi-polar wand. Delivers precision dermal heating across the jawline, under-chin zone, and cheeks to stimulate fibroblasts and immediately contract skin layers. *Scheduled strictly once per week.*

\$90 / Standalone Single
\$45 / Active Body Add-on
\$135 / 3-Session Bundle

The Studio Facial Package (Option 3 Structural Exclusive)

Our conversion curation. Begin with a single standalone facial lifting and toning session to experience instant cellular tightening. Upon conclusion, upgrade to the complete structural treatment cycle built to lock in long-term collagen maturity.

\$99 / Intro Special (\$200 val)
Contact / +5 Post-Intro Sess.

HOLISTIC RECOVERY & SOUND ARCHITECTURE

The Signature "Alignment Bundle"

\$105 / Session

Our premier flagship experience bridging physical restoration and energetic tuning. Features biofield clearing with high-frequency forks to ground the nervous system, a targeted therapeutic bodywork protocol seamlessly integrated with deep Red Light Therapy, and custom Active Isolated Stretching (AIS) to restore true physical symmetry. *Duration: 60 minutes.*

Standalone Lymphatic Drainage Session

\$120 / Session

A deep, therapeutic full-body or targeted manual and tool-assisted clearance session. Intentionally unblocks central lymph nodes, speeds up metabolic waste filtration, reduces swelling, and dramatically optimizes the systemic processing of emulsified lipids. *Duration: 60 minutes.*

CELLULAR BOOSTERS & UPGRADES

Infused Red Light Therapy Panel

+\$20 / Service Upgrade

A hands-free cellular accelerator placed over the treated extremity or facial zone immediately following therapy. Ignites mitochondrial ATP production, noticeably limits thermal redness, and accelerates deep dermal structural repair. *Duration: 20 minutes.*

Vibration Board Lymphatic Acceleration

Complimentary / Post-Contour Care

A post-session mechanical circulatory boost utilizing preset micro-vibration training intervals. Triggers involuntary muscle contractions to rapidly push released lipids toward active lymph nodes, preventing fat re-storage.

Accepted Forms of Payment: Credit Card, Zelle, or Cash. Packages are paid in full at checkout.

Pre-Session Protocol: Please prioritize hydration, consuming a minimum of 2 liters of water daily prior to all contouring and drainage appointments.
